

Miriam & Paul

Happily married 10yrs.

We hope to adopt again, so our son grows up with a sibling. We all have love to share with another child. We'd love to stay in contact with you post adoption.

We have been so blessed to watch our son develop from birth, to toddling around. He is a happy, social boy. He's friendly with our cats, kids and adults. On the right, he's befriending someone at a prayer meeting. We look forward to another child joining our family!

Our circle of friends describe him as the happiest child ever!

Our son loves animals at the zoo.

He enjoys playing with our cats & one sleeps at his feet. He rode a pony at our church picnic. We had a hayride through the Christmas tree farm.

Our son loves to play with water. We do laps weekly at the local pool. During the summer we went almost daily to the park around the corner with lots of fountains, if we weren't at the lake or ocean. On our back deck, he plays with his water table during the summer, and he loves playing in the bath tub in the evenings.

Mom and Dad love water sports also

**Paul is a gentle man.
Cats and kids love his
lap. He can care for the
kids while Miriam works**

**He's works mostly
from home as a
Residential Appraiser.**

**Paul loves hiking &
disc golf outdoors.**

**Paul enjoys disc golf & hiking, worship,
prayer, Church events, reading books, watching
movies/TV, many kinds of music, & learning
new things. He swims & works out 3x/week.**

Miriam is a software engineer, working from home. She enjoys swimming and outdoor activities with our kids evenings and weekends. Her smile, and energy, and giving of herself is amazing to see. She sets up fun teachable play times everywhere. The children she interacts with at church, home & elsewhere all respond with joy and happiness when she is around.

Miriam enjoys the water—skiing, swimming, sailing, fishing, or snorkeling in Hawaii. She also enjoys hiking & skiing on the mountains. She loves fun with kids.

Our Extended Family:

Aunt Linda's family

Aunt Debbie & her Courtney

Aunt Peggy, Miriam, Peleh and Aunt Amy

We enjoy biking, hiking, ziplining and camping outdoors

This year we vacationed in Branson & Florida

We live on a quiet cul-de-sac with a large backyard in Missouri.

Peleh has a swing on the deck overlooking the backyard.

Miriam & Peleh are biking in front of our house (which has 2 driveways).

We look forward to our son playing soccer & basketball on an age 3-5 team. He already kicks the ball and has a little basketball hoop. We want to give our kids every opportunity to explore their interests. Prior to adopting our son, we fostered these kids. The one girl had expressed interest in ballet, so both she and her sister took gymnastics and ballet lessons.

Winter fun: Ice skating, skiing, sledding

Science museum,

parks,

dance,

our backyard

Our nursery awaits a baby or toddler.

We have much time and love to devote to our children. They will always know we love them, and are available for them. Beyond us, they have a greater extended family caring for them from aunts & grandparents & church family.

We value respecting all people, education & physical activity outdoors.

I, Miriam, continue to pray blessings over our son's birthmom for the great blessing she gave us, and I would do the same for you. We would love to meet you, and have a relationship that continues after placement.
