

Greg & Meghann

Silliness makes
your soul smile!

Thank you for taking the time to learn more about us. We are so grateful for the opportunity to build our family through adoption. We admire your strength and ultimate love as you consider an adoption plan for your child. We hope the next few pages will give you a glimpse into our family.

Our Story

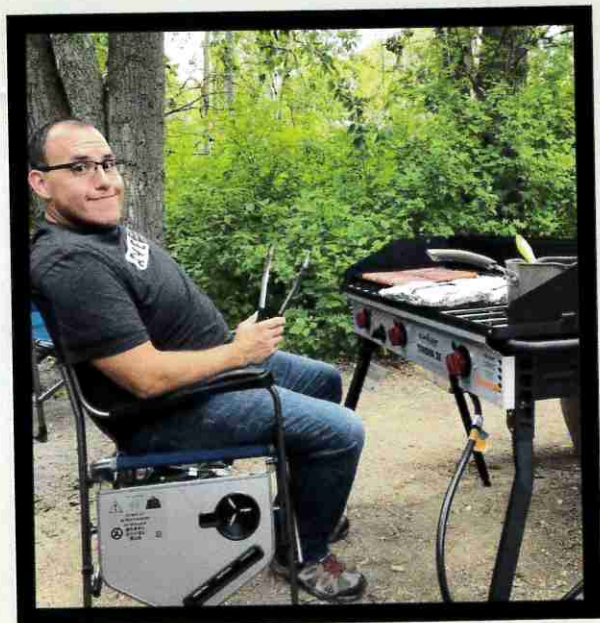

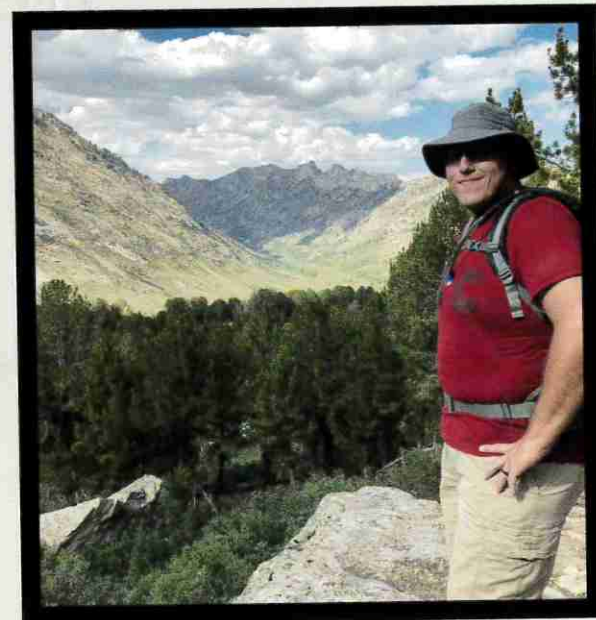

We were introduced through a mutual friend. Although we lived 300 miles apart, we got to know each other and fell in love through long talks on the phone and weekend visits. Greg proposed at Disneyland and we were married in April 2017. When we were married, Meghann relocated from Idaho to Nevada to live with Greg. We got married a little later in life and always felt that adoption would be part of our family story. After fertility treatments and a round of IVF we were able to get pregnant but experienced a miscarriage soon after. As we leaned on one another and the Lord we both felt guided through prayer to move forward with expanding our family through adoption. Our promise to you is that we will provide unconditional love for your child in a home filled with love and laughter. We look forward to providing a supportive, happy home where we will teach them to love God, love others, love themselves and follow their dreams!

About Greg

-written by Meghann

Greg grew up in rural Las Vegas with his parents, 1 sister and 3 brothers. He is extremely close with all his family. He currently has 1 niece and 2 nephews and hopefully more to come! Greg earned degrees in Diesel Technology and Radiologic Technology. He works at our local hospital as a Radiologic Technologist and is the CT department lead. He is passionate about his work and has an attention to detail that makes him excel in his profession. Greg is one of the most ambitious, hard working people I have ever met! I am always in awe of his willingness to serve others. He is always providing service to family, church members, community members, and friends. He is active in his church and loves being involved in activities with the youth and other church members. He is fun-loving and playful and loves to always be on the go. Greg is an identical twin and he is very close to his twin brother Ben, and his wife and children. Since his twin brother Ben lives less than a half a mile away, we are able to get together with his family often. Greg loves to be at any event his niece and nephews have going on, whether it's dance recitals, soccer games, holidays, birthdays or just a Monday movie night! He loves all things Disney and shares a love of Disney with his siblings. Greg's love for Disney is only matched or exceeded by his love for Christmas! He can be found listening to Christmas music at any time of the year. He loves to celebrate holidays and participate in holiday traditions. He enjoys traveling (especially to Disneyland), mini golf, hiking, going to museums and zoos, Legos, going to the movies and working in the yard.

About Meghann

-written by Greg

Meghann grew up in a small rural potato farming town in Idaho with her parents and 2 sisters. She is the middle child and is extremely close with her family. She is very close with her niece and nephew and loves to spend time with them as often as possible. She has friends with children that also lovingly call her "Aunt Meg" and love spending time with her. Meghann graduated college with a Bachelors degree in Public Health Education. She is employed in the human services field as a case manager and has a passion for working with people and helping to strengthen families in her community through her work. She is active in her church and enjoys her interactions with the youth and church members. She has a wonderful work ethic and perseveres through any challenge! Meghann has a kind heart and a mothering spirit. She has a bubbly personality and loves to laugh. She is always in a happy go-lucky mood. Meghann is adventurous and loves to travel, play games, try new recipes, garden, go for bike rides, and has developed love for Disney since being married to me! Meghann loves the children in her life deeply and I know she will be a wonderful mother.

Our FAMILY

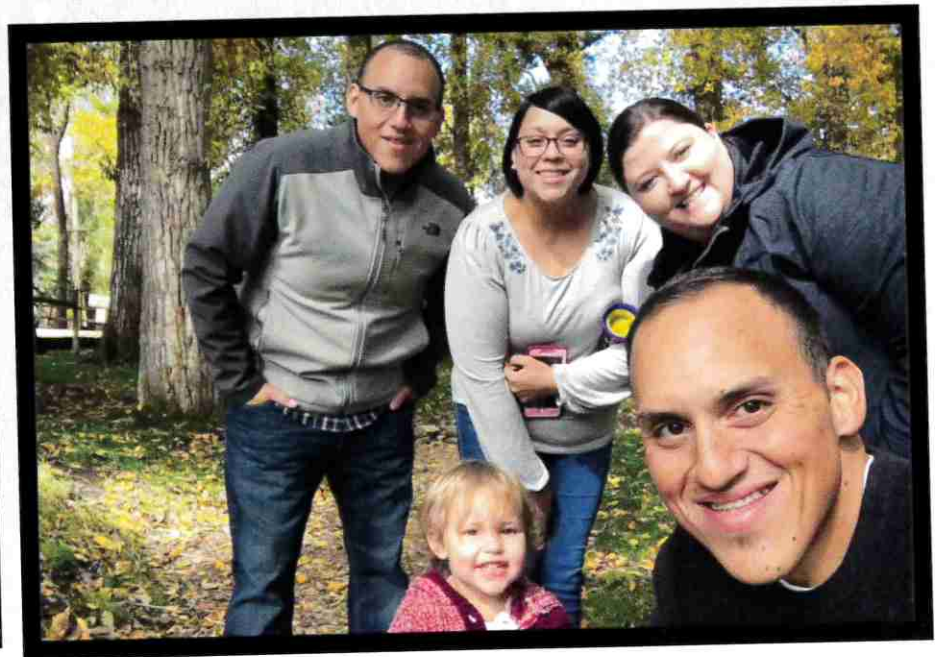

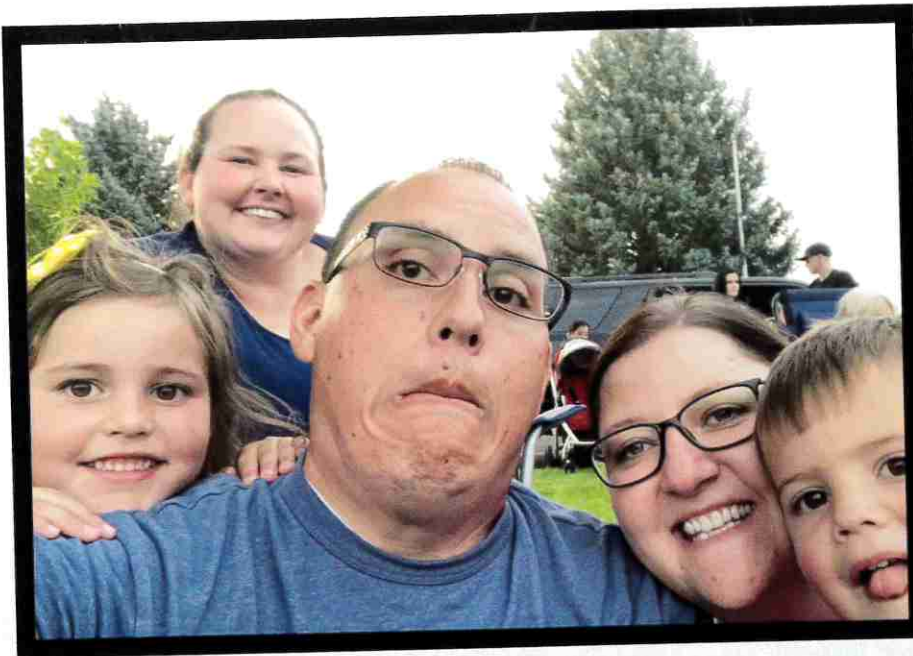

Greg's sister, brothers, sisters-in-law, niece and nephew.

Greg & Meghann's siblings & Meghann's friend

We are very close with our extended families and we love spending time together! A child in our family will have lots of extended family including; grandparents, aunts, uncles, cousins and family-friends who will love and adore them.

ENJOYING TIME WITH OUR NIECES AND NEPHEWS!

Family Traditions

We love to celebrate holidays, birthdays and other special events with each other and our loved ones. We have lots of family and holiday traditions; such as, attending holiday events, driving around with hot cocoa looking at Christmas lights, matching Christmas pajamas and decorating our home for each holiday.

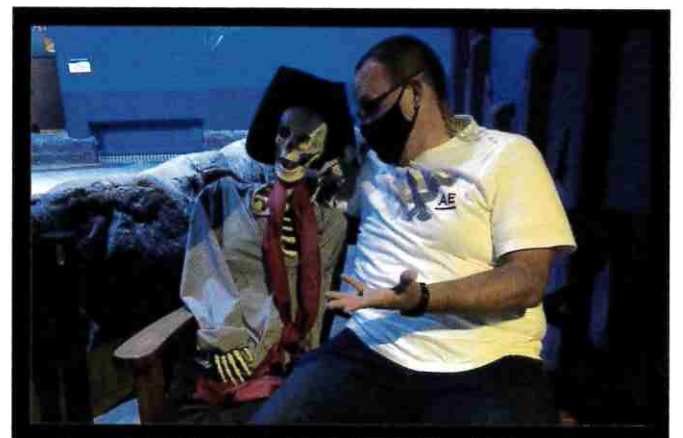

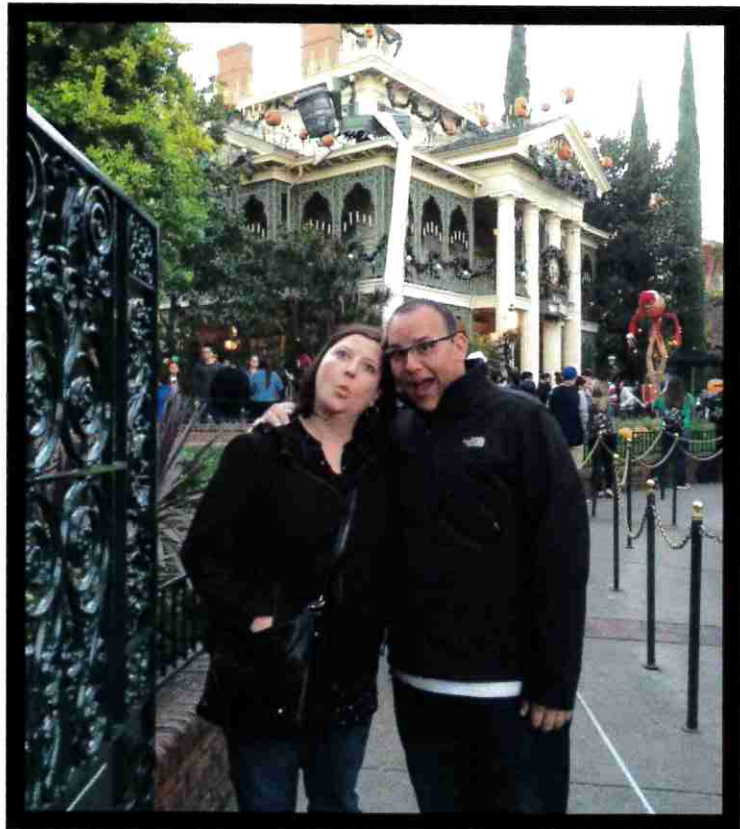

We have traditions we share with our extended families including, birthday parties, Easter egg hunts, 4th of July barbecues, carving pumpkins at Halloween and our annual family gingerbread house decorating at Christmas. We look forward to sharing our love of holidays and building many happy memories!

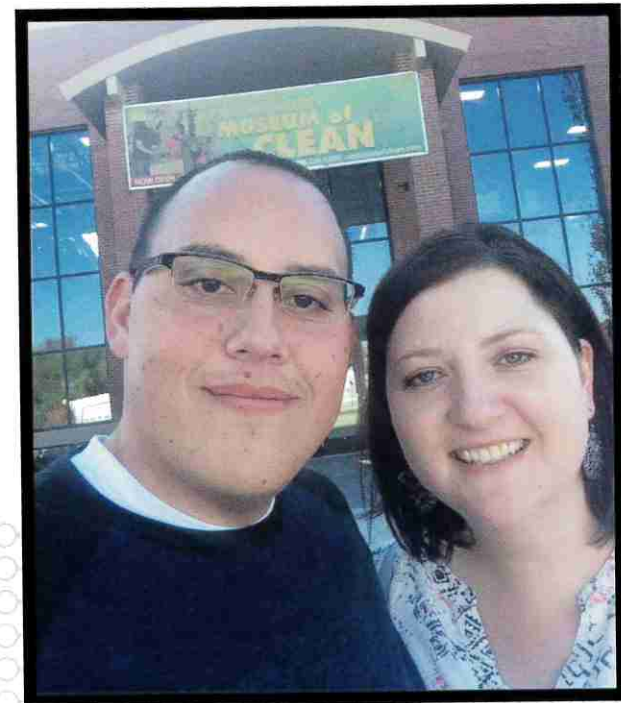

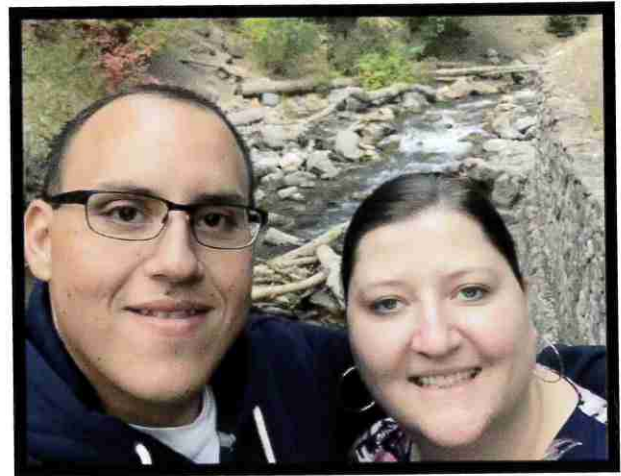

Travel & Adventure

We love to travel and explore new places together. We also love taking regular trips to places like Disneyland and Yellowstone National Park. We go on a lot of weekend trips where we like to visit zoos, aquariums, museums or go camping with family. As long as we're together we're having fun!

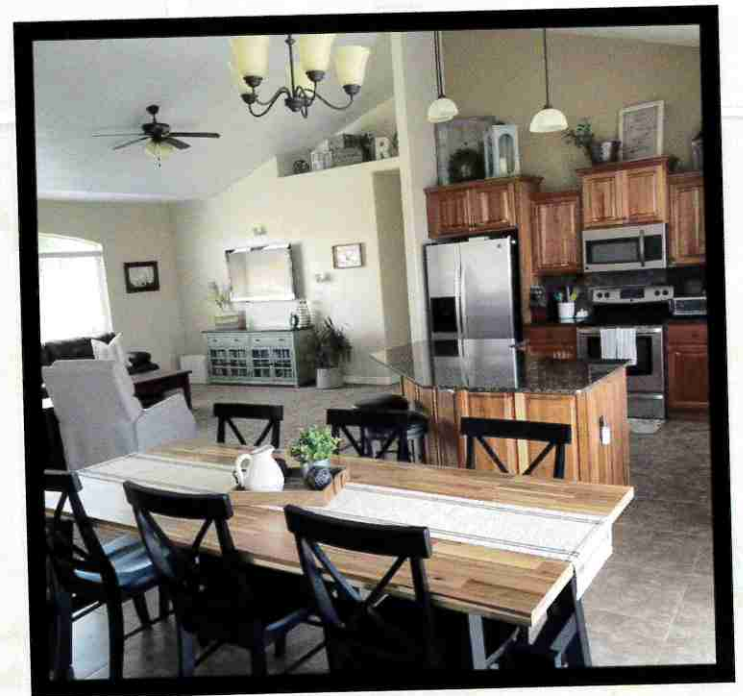

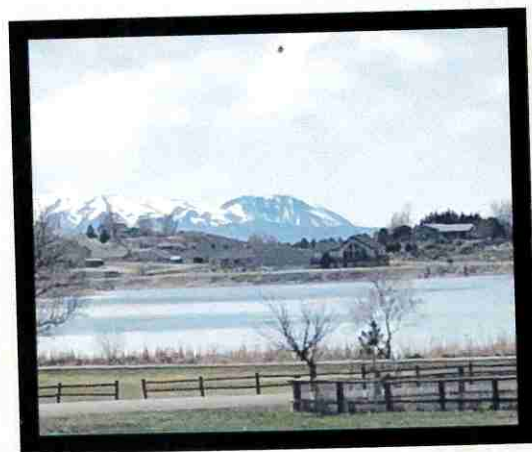

Our Home & Neighborhood

Our home is our happy place! We live in a 3 bedroom, 2 bathroom home on 1.6 acres in a small family oriented town in Northern Nevada. We have a large back yard with lots of room to play and room for a play-set, trampoline and sandbox.

Our community holds lots of family events and has a local marina and playground where you can play, fish, swim, kayak and ride bikes. We live within a 15 minute drive to a large mountain range where we can fish, hike, camp or just take a drive through the canyon. Our neighborhood is safe, with good schools and lots of other children. We have warm summers and snowy winters. In the spring we enjoy spending time outside and going for walks as everything starts turning green. In the summers, we like to have barbecues and participate in the summer activities in our community. On summer evenings we like to sit around the fire pit and talk and roast marshmallows. We also have an annual slip and slide party where we invite family, friends and neighbors for a barbecue and water fun. In the fall, we attend the local fairs and the annual pumpkin patch festival, enjoy the crisp fall weather and drives through the canyon to see the changing leaves. In winter, we enjoy cuddling up on the couch for a movie night with popcorn, playing board games or going sledding on some of our local hillsides.

A little more about us....

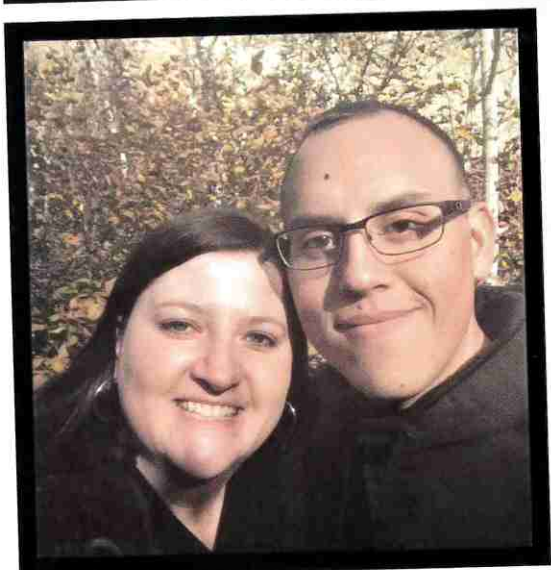

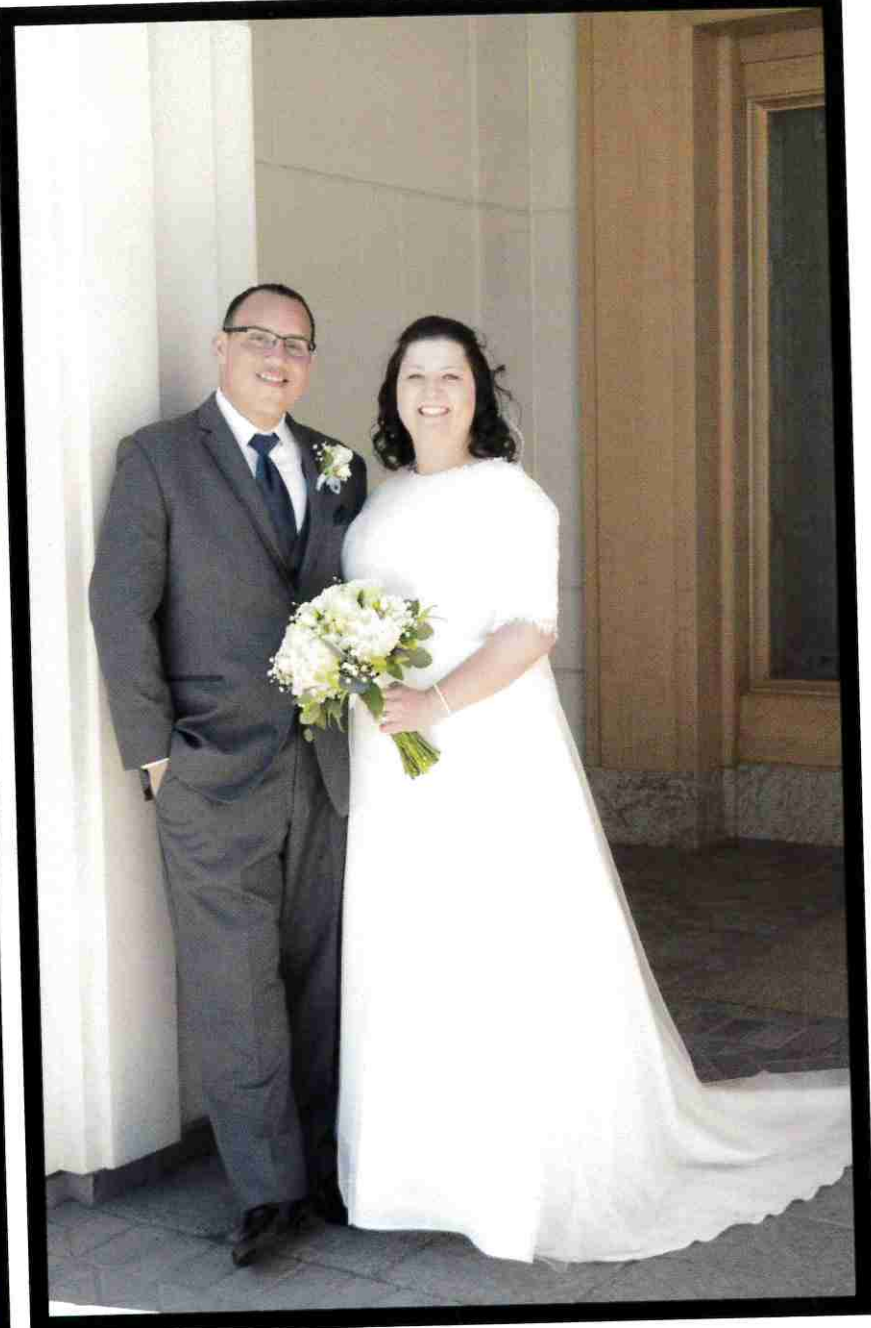

We are active in our Christian faith as members of the Church of Jesus Christ of Latter-day Saints. We look forward to being first time parents and welcoming children into our home. We look forward to not only doing the fun things with our children but to be there and offer guidance and support in the challenging times as well. We will build our schedules to provide as much time with our children as possible. We look forward to building lots of memories as a family and helping our children grow and flourish. We look forward to traveling together, reading books, playing games, doing homework and bedtime routines. We will provide our children with a quality education and encourage lifetime learning as they develop their talents and pursue their goals.

Meghann

Favorite Food: Seafood
Favorite Book: The Harry Potter Series
