You truly are courageous for looking to place your child for adoption. It is an incredible opportunity to show your child your true love. We know this cannot be an easy decision for you, but your child will grow to know your sacrifice and will be loved beyond measure. Thank you for taking the time to learn more about our family. As we begin to get to know you, we hope that you will see us as the loving, compassionate, and honest people we are.

about us

HOW WE MET

The two of us have a lot in common. We both grew up in small towns, both are the youngest of 6, both love sports and the outdoors, and both have a love for family, friends and adventure. We also have some of the same friends. One of them introduced us and another talked to us about being compatible and saying we'd make a good couple. We are the best of friends and love to do everything together. We have been married for 10 years and have been blessed with 3 beautiful kids who we love more than words can describe.

Adventures

Together we love to see and experience new places, people, and cultures! Whether it's around our home or a far off destination, we appreciate the beauty of the world around us, and try to soak in as much as we can. Recently we had the opportunity to go to Costa Rica and Hawaii and are planning another trip to Disneyland and Mexico. We love hiking, our camping trips so close to home, and enjoy seeing our extended families.

Our Interests

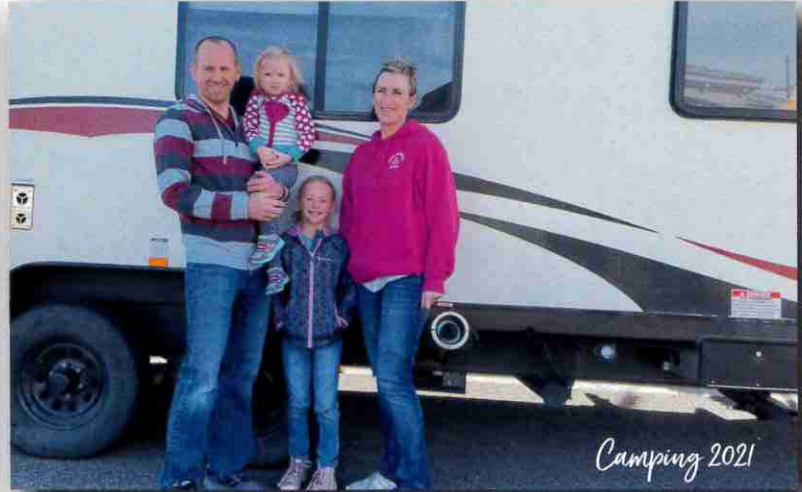

We love the outdoors! We live in a beautiful state where we have the Rocky Mountains and the Desert Canyons in our backyard. We love to visit them often. We love camping, going to Grandpa's farm, parks, as well as playing in the yard. We also enjoy many indoor activities like crafting, painting, and sewing. Ashlyn is currently in dance and Tanner and Brielle can't get enough of the playset in the backyard.

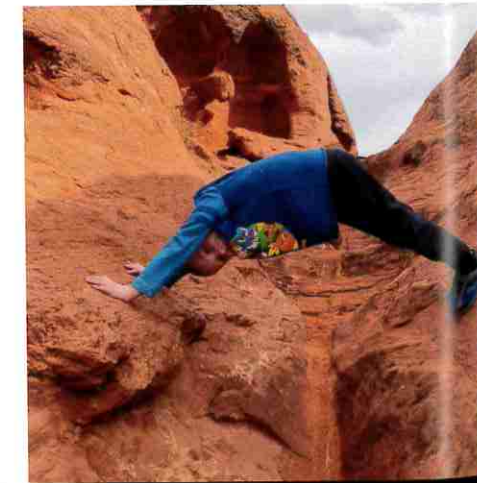

FAMILY TRADITIONS

We consider ourselves a family full of traditions. Melissa was raised having an annual family reunion camping in the desert, which started over 40 years ago and is still active today. We have made our own family traditions, such as Disneyland for every 4 year old's birthday, reading Christmas books on every night of December, annual ski trips, and have many other holiday traditions.

is together*

We have very loving hearts and strive to teach our children everything they need to know to have a successful life. We believe in speaking openly with children about the adoption process when they are old enough to comprehend it and will share your love for them as well.

We thank you for your courage and your consideration of our family. As you navigate these difficult decisions, we hope that you will feel confident and safe in contacting us and asking any questions you may have.

Wishing you the best,
Jeremy & Melissa
