

William and Raegan

Hello there!

Hello to you! We are William and Raegan. It's so nice to meet you!

We are so grateful for the opportunity to write to you about our life, our family, our home, and our hopes and dreams for a child.

We have such great respect for the demonstration of love you have made by choosing life for your child with adoption. We think you are an amazing person for looking at all the options for your child and making sure they have a wonderful future.

We want you to know that we are so excited to become first-time parents. We can't wait to adopt a child and be able to guide them, support them, and love them every day of their life.

We wish you blessings on your adoptive family search. We know this is a very important decision for you. We hope you find all the peace and comfort that you need during this time.

William and Raegan

"We know you are probably looking for a wonderful family and a bright future for this child. And we are so excited to begin our family and love a child with all our hearts. So maybe we are looking for each other?"

The story of us

HOW IT BEGAN ~

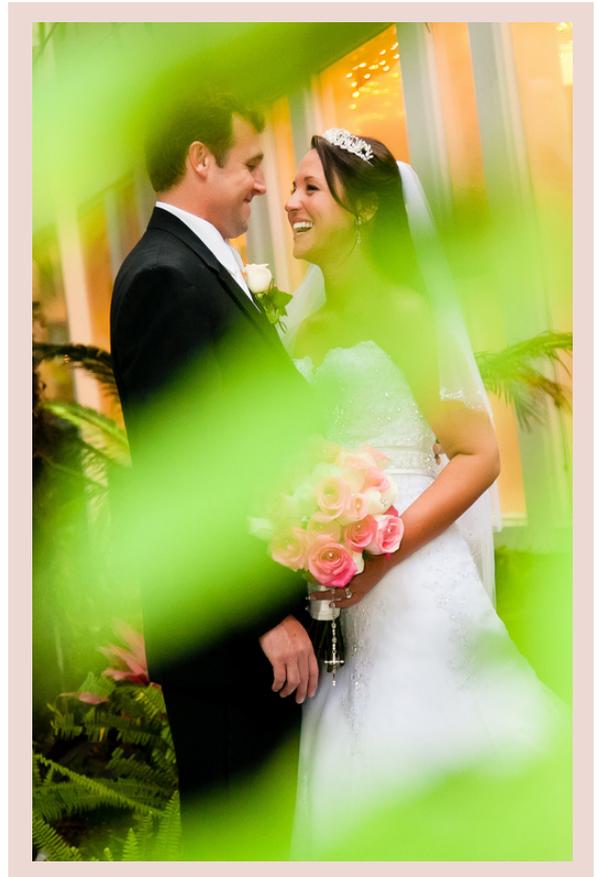

Please forgive us if we sound corny, but we realized on our first date that we had something special. The old saying of "when you know, you know" was true for us. We talked and laughed for hours on that first date, and we have been inseparable ever since.

OUR MARRIAGE ~

We have been happily married for over 10 years now. We aren't just partners in life, but we are also best friends. We know each other's personalities and quirks, we know how to make each other smile, and we know how to solve problems together gracefully.

HOW IT'S GOING ~

We have learned a lot together throughout the years, and we continue to help each other grow. We have learned that we can always count on each other no matter what happens in life. We are very grateful that God blessed us with each other.

"Sadly we are unable to conceive a child, but we know that God always has a plan for everyone. Adoption is such a blessing. It brings us all together with a very special goal of love and hope for a child and their future."

Career:

Teacher

Favorites:

Color: purple

Food: chicken salads

Ice cream: chocolate chip

Dessert: chocolate cake

Holiday: christmas

Vegetable: broccoli

Fruit: blueberries

Pizza: pepperoni

MY BACKGROUND:

I come from a wonderful family whom I am very close to. My family is a mix of Italian and Irish heritage. I grew up going to church every weekend, and I was raised in a family with a strong faith in God.

MY HOBBIES:

I have always been very active. Growing up I played the violin, and enjoyed gymnastics, basketball, dance, volleyball, cheerleading, and softball. My favorite hobbies are reading, writing, traveling, and painting.

BEING A TEACHER:

I have always loved helping children, so becoming a teacher was an easy choice for me. I was also a cheer coach for many years. I love my job, and I love having the chance to impact a child's life in a positive way.

BECOMING A PARENT:

I am incredibly excited to become a mother! I plan on being a stay-at-home mom. I want to make sure our precious child is safe and protected, and has the best educational experiences and life experiences possible.

Career:

Engineer

Favorites:

Color: yellow

Food: spaghetti

Ice cream: strawberry

Vegetable: green beans

Fruit: strawberries

Holiday: thanksgiving

Dessert: cheesecake

Pizza: everything

MY BACKGROUND:

I have been blessed with a wonderful family. We are very close. My family is of Swedish heritage. Growing up, I went to church every week. I also attended private Catholic school and loved that experience.

MY HOBBIES:

In school and college, I enjoyed playing soccer and football. I have always liked academics and learning new things. My favorite hobbies are skiing, reading, fishing, boating, traveling, and hiking.

BEING AN ENGINEER:

I have always loved science and math, and that passion led me to a career in engineering. I have helped design and construct many skyscrapers, homes, airports, buildings, bridges, and roads throughout the country.

BECOMING A PARENT:

I have always wanted to be a father! I am very excited to welcome a baby into our lives. I am looking forward to it. I am grateful of the gift a birth mother gives to childless couples like us. It's an incredible blessing.

OUR HOME *is our happy place where we can just be us.*

Our home is our happy place! We live in a cute 3 story house with lots of land. We live near the lake where we go fishing and canoeing. We also live near great schools and we have a wonderful neighborhood.

We spend a lot of our time in the kitchen cooking together. Outside we have a large backyard that is surrounded with trees. We enjoy growing our own vegetables out there. We also have our own pool.

"Adoption is a beautiful way for families to be united by God, and chosen by each other."

Our Family

Both of our parents have been married for over 50 years, and they are amazing role models. They taught us how to work hard and how to be kind and compassionate adults. We have large families and we are a fun mix of both country and city!

We aren't just a family though, we are also a huge support system for each other. We enjoy being together, and there is a lot of hugs and laughter in our group. We can't wait to have our child join us in making new memories with everyone!

Our Furry Friends

We have 2 sweet and friendly little dogs. Their names are Mia and Lexi. They enjoy hanging out with us on the couch, playing, and running on the beach. They also love eating treats...especially popcorn!

We also have chickens! We love raising them from baby chicks. We enjoy getting our own eggs and taking care of our sweet little feathered friends.

OUR HOBBIES

We love being outside enjoying nature.

You will usually find us outside, but we also like cuddling up on the couch and relaxing. Things we enjoy doing together are: reading, hiking, painting, exploring, museums, art, boating, walking our dogs, yoga, cooking, ping pong, skiing, fishing, ice skating, snowboarding, and spending time with our family.

We love to travel.

We are excited for our child to join us on all our exciting adventures! Traveling offers so many benefits for children. It's a fun way for them to learn about history, diversity, different cultures, different languages, and have new experiences.

"We promise to raise this child in a home where faith in God
and the love of family are always the foundation."

Thank you!

Thank you so much for reading our words and learning about us. We are so grateful that you would consider us for this beautiful blessing of adoption. We would be incredibly honored if you do choose us!

With us, you will be able to take comfort in knowing that we will always protect and love this child unconditionally. We will make sure this child has a wonderful and special life filled with love, faith, family, safety, guidance, support, adventure, education, and happiness.

We hope to hear back from you.

Sincerely,

William and Raegan
