Thank you for taking the time to read our profile, we are honored that you are considering us for adopting your baby. It’s been a few years of trying to have a baby without any success. We were blessed once to be pregnant and lost our baby girl, Isabella, during the 20-week ultrasound. It’s been a tough experience. Since then we have not been pregnant again. Our strong relationship and love for each other helped us through this time and we are now ready to have the family we have praying for. The nursery is ready for your little miracle to brighten our lives.

Your child will be loved, looked after, and raised to be ready to take on the world.

Rick & Nicole
HOW WE MET

We met at our place of work in 2012, and started building our relationship on a solid two-year foundation of friendship. But when got together, it was immediate. It didn’t take long to tie the knot; we got married in Nicole’s hometown of Vienna, Austria in 2016. We share many of the same interests like cooking and staying active. Traveling and experiencing other cultures is a big part of our lives. We love our home and hosting friends and family is very important to us.

a little about

NICOLE

Nicole grew up in Austria, Europe. She is an only child but grew up with her godmother’s son, who is like her brother. He now has a little girl of his own and Rick and Nicole are her godparents. They try to spend as much time with her as possible. Nicole has a stepdad since she was 4 years old, but still has a great connection to her dad. The whole family stays close and spends holidays together. Family has always been very important to her, and regardless of where she’s been in life she keeps them as a top priority. Nicole enjoys all four seasons of the year; she loves the outdoors, and likes to stay active. Her favorite foods include Pizza, Sushi, and Fruit. She graduated high school in 2006 and moved to NY, studying Hotel and Event Management, graduation in Southern California.
Rick grew up in a small town in Maine with his sister and single mother. His parents were divorced when Rick was 4 years old. He excelled in academics and sports attending a small Christian school. He graduated in a class of 10 people. He then broke out of the small town to attend a university in Virginia, majoring in Biology and Chemistry with the intent to become an eye doctor. He was married to his first wife in his Sophomore year and they had two children, a girl and 3 years later a boy. Rick divorced his first wife in 2006 and moved to Oklahoma to pursue a new career to better support his children. He worked his way up the corporate ladder to become a Vice President of a global company. He loves his New England sports, football, baseball, and hockey. Cooking and barbequing on the weekends is a staple in our household. Rick usually feeds the entire neighborhood and nothing satisfies him like cutting into a smoked brisket after cooking for 12 hours on the grill.
HOW RICK THINKS OF NICOLE

Nicole lights up a room when she enters. She's a people person with extreme attention to detail and has a servant's heart. She's very outgoing and not afraid to speak to anyone about anything. She makes people feel welcome. This can especially be seen when she's around children. Her love of children is genuine and they seem to flock to her. This is one of the qualities that really attracted me to her. This, along with her protective nature will make her a terrific mother.
HOW RICK THINKS OF NICOLE

Rick is a wonderful husband, the loyal and honest partner you would want. Someone that will put others before himself. He makes sure I am safe at all times. I know he will make an awesome dad, taking care of our little family. He will do anything in his power to make us feel special and taken care of. Seeing him with other kids warms my heart! If I ever doubt myself he cheers me up.
We live in a family oriented, gated neighborhood, with a playground and many parks and more playgrounds within driving distance. Our home is a two story and has 5 bedrooms. We both work from home. The nursery is set up right next to the Master bedroom upstairs. We love spending time in our pool during the summer months.
Our Husky Molly is the sweetest dog you'll ever meet. She loves people, and the more the better. She especially loves children in strollers, as there are always crumbs she can snack on. She doesn't bark much and doesn’t have a mean bone in her body. She's always looking for a treat and loves long walks. We walk about 4 miles a day with her. Her favorite place to sleep at is the daybed in the nursery.
Adventures

Together we love to experience new places, people, and foods! We appreciate the beauty of the world around us, and try to soak in as much as we can each year. The places we have traveled to in these photos are, skiing in Saalbach, Austria – Nashville – New York City – Barcelona, Spain – Budapest, Hungary – Hawaii – San Diego – Sweden – Munich, Germany and many more. We can’t wait to show your little one the world!
FAMILY is forever
OUR WEDDING
Our Interests

In our free time we like to spend time with Molly, walk, exercise, cook (and eat), play board games and travel. We appreciate and enjoy the local mountains for hiking, attractions and restaurants.
We are godparents to a little girl in Austria. She’s now 8 years old. Lots of time is spent with her when we’re visiting. She loves to be out and about, visiting the local zoo, the town pool, and playgrounds. We plan on having her visit the US in the next couple of years.

CHILDREN
Our promise to you...

We have always dreamed about being parents and, and having a child to raise in a loving home! We are very excited to be adopting and have so much love to share for this child as we expand our family. Please always know we will unconditionally love and cherish your child and we will make sure that he/she will be proud to be adopted. We hope this book gave you a look at our lives.

Thank you for taking the time to read this.
