*All fees are paid incrementally at the time of service and are non-refundable, except in the case whether the birth mother changes her mind about placement. Parent(s) will receive a refund on any living expenses not yet expended, the 2nd part of the Hague Processing Fee, and the Placement Fee if this were to happen.

**The cost of operating a reliable and trustworthy intercountry adoption program is substantial. Unfortunately, the costs seem to continually increase often due to additional regulations and compliance requirements under State, Federal and the Intercountry Adoption Act, conventions, treaties as well as gas prices/inflation/devaluation of currency. Therefore, it is impossible to predict the exact cost you will incur during your adoption journey. We have provided you with realistic estimates of all costs that you will likely incur. Please note that while we do not anticipate it, program fees may be increased for circumstances that are unforeseen and unanticipated. Please be aware of our policy for unforeseen and unanticipated expenses. If at any time during the process unexpected fees become necessary, PAA is authorized to make payments to cover those fees and bill our account, only if those fee amounts are less than \$1,000. PAA will contact us in writing with an explanation of why any additional fee is necessary to complete our adoption before making payments over \$1,000. PAA will provide receipts for fees and expenses paid and will retain copies of such receipts.
