We all LOVE to travel! Exploring is the best, We love St George, Mesquite, the beautiful colors of American Fork Canyon, AZ, and of course
Disneyland!

We made our
way to Vernal UT
this Summer to
enjoy the Dinos
(our kiddos are
obsessed.)

We sure love Christmas!!

A collage of old and new pictures but the cuteness
remains the same

These kids are the center of
our whole world

We've been married since 2009 and still going strong with eternity to go! We are active in our faith and love to serve God with all our hearts, mind and might! We live in a wonderful neighborhood surrounded by great schools and an amazing community! We have been blessed so richly by adoption and hope to add one more child to love in to our family!

Family means the world to us and we strive to give our children experiences, love and life lessons all along the way.

We also love traditions. Friday night pizza and movie night is a favorite among those! We love being outside playing as much as possible soaking up the beautiful weather! If I were to sum up our family in 1 word it would be togetherness! There's no where we would rather be than together!

Families can be together forever
